*Re: Message from the new Co-Chairs at Elora Centre for the Arts*

Hello Community,

Kathryn Griffin and I are very honoured to represent the Community of Elora as co-chairs for the Centre for the Arts. We know that both Sheila and Matt have worked tirelessly to make the Centre a relevant and exciting part of the Community. We hope to build upon their efforts to continue to make the Centre a hub of activity for Elora.

We are very grateful for the work that our amazing staff do each and every day to make the Centre for the Arts a place that is more than a building. They are the heart of the Art Centre!

We are looking forward to working alongside our dedicated volunteer directors as well as our wonderful staff to achieve current and future goals. We will all endeavour to do our best to build on the success of the past 6 years to take the Elora Centre for the Arts to new heights!
